MARU

BAKE HOUSE

Freshly Baked Delights

Founded in August 2025, Maru Bake House began with a simple dream to bring a homemade pumpkin cake to our community – something that had never been seen before. The name "Maru" means "circle" in Japanese, symbolising the unity and perfection we strive to bring to every creation.

Our shop will continue to innovate, ensuring every cake that comes out of our oven is just as extraordinary. Every doughnut is made with love. We use the finest fresh ingredients sourced locally, so that our food remains fresh every day, baked fresh every morning, with no added preservatives.

Although we are still new, we have received positive and constructive feedback that will help Maru Bake House grow in the future.

TESTIMONIALS

“What Our Customers Say”

Don't just take our word for it. Let's hear from our happy cutomers

The best donut mochi that I ever had in Batam. Maru Bake house has become my weekly ritual. The flaky layers and the melting choco buttery goodness are absolutely divine

Bella De Gough
Food Blogger

I ordered custom cakes for multiple events and THIS ABSOLUTELY SO GOOD NEVER DISAPPOINTED. Beautiful designs, incredible taste. Mantappu jiwo. Highly recommend!!

Syarifuddin Nichol
Regular Customer

Its unique variant menu, including "donat kaca" (glass donut) with crunchy caramel, strawberry-filled donuts with homemade jam, and hazelnut choco.

C. Design Rationale Document

- Project Overview

This website operates in the F&B sector, selling a wide variety of doughnuts. First pumpkin donut is a place where every doughnut is freshly made with love. Mochi doughnuts in Batam, crafted from high-quality ingredients. Every bite melt in your mouth, and every bite tells a story of passion and quality. Founded in August 2025, Maru Bake House began with a simple dream to bring a homemade pumpkin cake to our community which something that had never been seen before.

The purpose of this website is to allow users to view the menu online. Furthermore, before visiting, they can read reviews and feedback about Maru Bake House. With the Maru Bake House website, customers can access product information, read customer reviews, and learn about the brand's identity more easily without having to visit the shop in person, making the purchasing decision process more effective.

- Design Objectives

- To establish a modern, welcoming, and high-quality brand identity for the bakery.
- To showcase products in an appealing way
- To enhance visual appeal
- To provide simple navigation that is easy for visitors to understand.
- To build customer trust
- To serve as an online marketing tool capable of reaching a wider customer base.

- Target Audience

This website is accessible to everyone.

- Color Selection

In the creation of this website, the colors used include *Falu Red* (#7C1C14), *Janna* (#F3EBD3), and *Old Rose* (#BC8474). Falu Red is used as the primary color on the website. This color is often associated with food because it can stimulate the

appetite and attract users attention. Janna is used as the background color and a supporting color to create visual balance. This soft cream hue conveys a clean, comfortable, and welcoming impression. Old Rose serves as an accent color that adds a touch of elegance to the website's appearance. This combination of three colors was chosen because it effectively represents Maru Bake House's identity as a warm, premium, and high-quality bakery. This blend results in a harmonious, memorable design that enhances the user experience when visiting the website.

- **Typography**

Using the sans-serif typography called *Poppins*.

- **Layout Design**

- The navigation menu is positioned at the top.
- Consistent spacing and alignment
- Several images of doughnuts are placed on various sides of the page as decorative elements.
- A footer at the very bottom of the website (copyright, an overview of Maru Bake House, and social media links).

- **User Experience (UX)**

1. **Easy navigation**

These navigation menus remain fixed at the top even after the webpage has been scrolled to another page. This allows visitors to navigate to the page they want without having to scroll through each page one by one.

2. **Information architecture**

Information is organized and grouped so that users can find it easily.

3. **User flow**

This website is designed with steps that users can easily follow to achieve specific goals.

4. Conclusion

The Maru Bake House website has been successfully designed as a digital platform that effectively showcases the brand's identity whilst providing customers with the information they need. The website features a modern, interactive, and user-friendly design, combining visual elements with simple navigation to ensure users can access information with ease. The result of this project is a website design that serves not only as an information platform but also as a digital promotional tool capable of enhancing customer appeal and trust in Maru Bake House. As such, the Maru Bake House website helps improve the user experience when exploring the products on offer, whilst also acting as an effective promotional medium to expand market reach.
